

NORTHWEST FLORIDA

BEACHES INTERNATIONAL AIRPORT

Thursday, October 8, 2026

Official Press Statement:

As we continue monitoring Hurricane Isaias in the Gulf, Northwest Florida Beaches International Airport (ECP) remains open and fully operational. The safety of our passengers, airline partners and Airport personnel is our highest priority.

Our team is actively coordinating with local, state and federal partners, as well as our airline partners to monitor conditions and assess any potential impacts to air travel. Currently, Airport operations continue as normal.

While ECP remains operational, weather conditions can affect airline schedules. We encourage passengers to stay informed by checking directly with their airline for the latest flight status information before traveling to the Airport. Airline websites and mobile apps will provide the most current information regarding delays, cancellations, or schedule adjustments.

We will continue to monitor the situation closely and share updates as necessary. Thank you for choosing ECP. Stay safe.

Parker W. McClellan Jr., A.A.E.
Executive Director
Northwest Florida Beaches International Airport (ECP)
