

NORTHWEST FLORIDA

BEACHES INTERNATIONAL AIRPORT

Saturday, October 10, 2026

Official Press Statement:

**Northwest Florida Beaches International Airport Open and Operational,
Commercial Flights Resume Saturday, October 10**

Northwest Florida Beaches International Airport (ECP) is open and operational, with commercial flights operating again today, Saturday, October 10.

Passengers with scheduled travel should continue to check directly with their airline for the latest information regarding their individual flights.

The safety of our passengers, airline partners, Airport personnel and community remains our highest priority. We will continue monitoring conditions and coordinating with our local, state, federal and airline partners as our Region moves forward.

We are grateful for the work of our emergency management partners, first responders and everyone who has worked to keep our communities safe. We encourage residents and visitors to continue listening to local officials and following their guidance as conditions evolve.

Northwest Florida is a strong and resilient community, and we are in this recovery together. To our passengers traveling to, from and through ECP, we look forward to welcoming you back and wish everyone across our Region continued safety.

Parker W. McClellan Jr., A.A.E.

Executive Director

Northwest Florida Beaches International Airport (ECP)
